

ACHIEVEMENT: REACHES NEW HEIGHTS

At PNC, we believe in celebrating milestones. It's about growing — and growing our children's skills. Whether it's counting, reading or writing, encouraging curiosity and a love of learning is a great investment in our future. It's why we created Grow Up Great® — our 10-year, \$100 million program committed to early education.

PNC Grow Up Great has also partnered with Sesame Workshop® to help advise parents and caregivers on how to make meaningful contributions to preparing children for school and life. We've also teamed up to create the "Math is Everywhere" kit — which turns everyday experiences into fun math moments — at home, in school and on the go. For math tips and resources, and to download your free kit, visit pncgrowupgreat.com

► **Growth Chart Instructions:** Unfold your growth chart and place on the wall so the bottom of it is aligned exactly two feet above the floor.

compare!

SESAME STREET
happy, healthy, ready for school!
math
is everywhere

Games for you and me.
Who's in the mood for fun? Here are some games to find math all around you with your Sesame friends!

3

Size 'em up.
Sort toys by size: small, medium and large.

2

Count on it.
Count things everywhere: cars in a garage, petals on a flower or spoons at the table.

I see a seven!
While you are out, go on a scavenger hunt for the number seven. What other numbers can you find?

1

numbers!
